

# HOW TO BUY A NFTuck

To purchase a NFT, you will need a digital wallet. And if this is your first time venturing in to NFTs, we want to help you through the process.

1

## The first step: Install (download) a cryptocurrency wallet

We recommend MetaMask which offers an easy browser extension and mobile app.

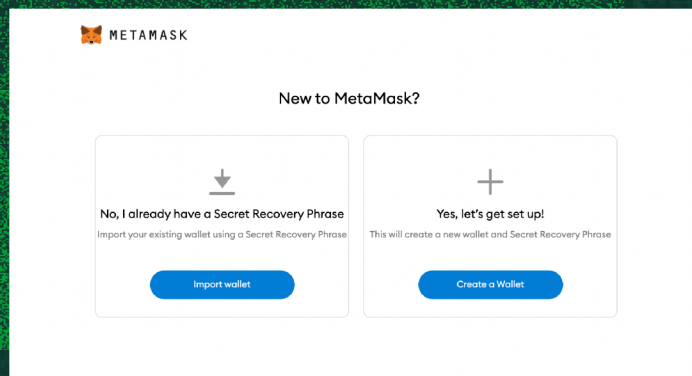

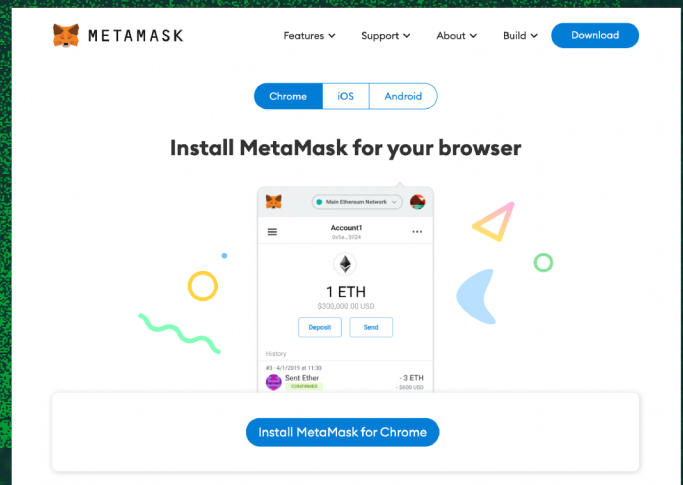

>> [Get MetaMask Here](#)

You will be presented with these options:

- Browser extension: Compatible with Google Chrome, Firefox, Brave or Edge website browser.
- Android: Compatible with any smartphone that operates using Android's operating system.
- iOS: Compatible with any iPhone.

Next, click the "Install MetaMask for ..." button.

Now, navigate to the Metamask icon in the top right corner of your web browser (Fox icon) and click the "Get Started" button and you'll see these two options.

Select the "Create a Wallet" option, agree to a short disclaimer that appears and create a password when prompted.

## Secret Recovery Phrase

A screen will then appear that outlines what a secret recovery phrase is. Your secret phrase comprises 12 random words which serves as the backup in case you lose the phone or computer where your MetaMask wallet is installed.

Save each word in the order they are presented on the screen. The order of the words is important.

MetaMask will then prompt you to type in the 12-word sequence to move on to the final steps.

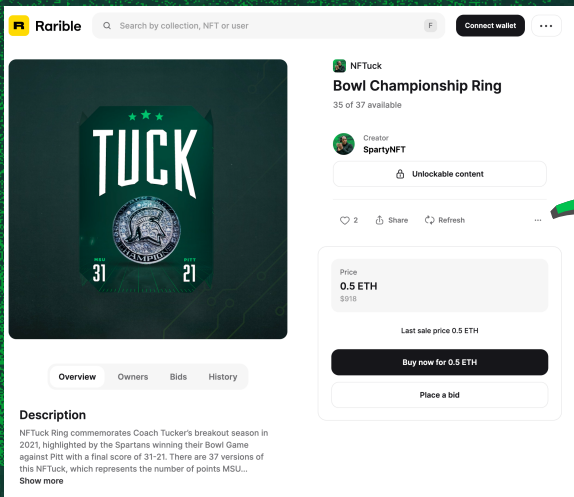

## Congratulations! You hold a digital wallet.

2

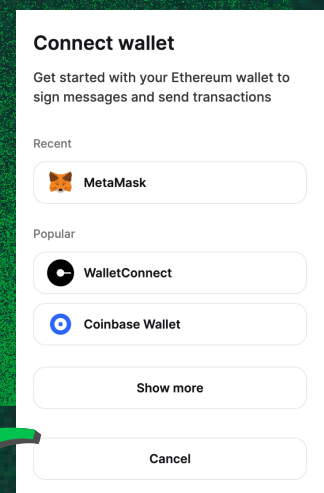

### Claim your NFTuck

Now that you have your digital wallet, it's time to claim your NFT.

>> [Go to Rarible.com/nftuck](https://www.rarible.com/nftuck)

Make your selection by clicking the "Buy now" button.

Select MetaMask as your wallet connection.

**Signature Request**

Account: Account 1 Balance: 0 ETH

Origin:  https://rarible.com

Message:  
I want to login on Rarible at 2022-08-10T15:13:34.883Z. I accept the Rarible Terms of Service https://static.rarible.com/terms.pdf and I am at least 13 years old.

Click the blue "Sign" button.

**Checkout**

You are about to purchase a **NFTuck Coin 097** from **SpartyNFT**

 **0x6a8ec...1e85** Connected  
Ethereum

1

Enter quantity. 1 available

**You pay**

~ 966.22 USD

1 ETH = \$1,870 ?

Total price	\$918
Service fee 1%	\$9
Blockchain fee	\$2
Exchange provider fee 0%	\$38

Select "Pay with card" (or crypto) and then Proceed to Payment.

## CONGRATULATIONS!

You now hold an NFTuck with access to exclusive experiences with Coach Tucker. As part of your purchase, you have access to a private Discord channel to learn more about these exciting opportunities which include on-field access to practice during the '22 season and in-season private video/chat channels with Coach Tucker.

All proceeds of the NFTuck program go to the Boys & Girls Club of Southeastern Michigan.
